DEDICATED TO:

Upon realizing the helpful co-operation, encouraging advice, the untiring efforts, and, above all, the sincere example she has set for us, the Class of 1945 wishes to dedicate this issue of the Whitefeather to Miss Culver, hoping that it will express to some degree the high esteem that we hold for her.

There is no power can quite erase
The ageless marks of care;
No panacea for the weight
Of endless duties, where

This generation stands alone
Before a world too new
And shining bright as April morn--
And full of troubles, too.

For pitfalls it beset the way;
The youth may step therein
And lose themselves in brambled paths
Where failure all begin.

Yet everyday does someone stand
To guide the wandering feet
From primrose paths, lest they should stray,
And victory be defeat.

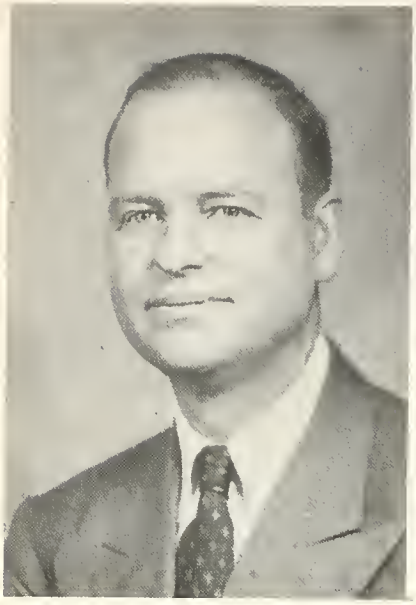
Who is it, that with watchful eye,
Guides children's steps aright
It is the teacher--may she lead
The youth from dark to light.

And if sometimes she shows the weight
Of burdens manifold
I think 'tould help her in her task
If she was often told

That though her works met small reward
Of earthy gold, her worth
Is known to all, and she has won
The love of suffering earth.

FROM ULYSSES
by Tennyson

There lies the port; the vessel puffs her sail:
There gloom the dark broad seas. My mariners,
Souls that toil'd, and wrought, and thought with me---
That ever with a frolic welcome took
The thunder and the sunshine, and opposed
Free hearts, free foreheads---you and I are old;
Old age hath yet his honour and his toil;
Death closes all: but something ere the end,
Some work of noble note, may yet be done,
Not unbecoming men that strove with Gods.
The lights begin to twinkle from the rocks:
The long day wanes: the slow moon climbs: the deep
Moans round with many voices. Come, my friends
'Tis not too late to seek a newer world.
Push off, and sitting well in order smite
The sounding furrows; for my purpose holds
To sail beyond the sunset, and the baths
Of all the western stars, until I die.
It may be that the gulfs will wash us down:
It may be we shall touch the Happy Isles,
And see the great Achilles, whom we knew.
Tho' much is taken, much abides; and tho'
We are not now that strength which in old days
Moved earth and heaven; that which we are, we are;
One equal temper of heroic hearts,
Made weak by time and fate, but strong in will
To strive, to seek, to find, and not to yield.



IN APPRECIATION OF:

We, the members of the Senior Class would like to extend our thanks to Mr. Homer F. Tennant for his kind co-operation, guidances and advice during our Senior year. Not only was he of valuable assistance in the production of this book, but his instruction to us throughout our last year in high school is something which we will carry with us always.

EDITORIAL

It has been the custom of each Senior Class to publish an annual, and to make their edition the best that has ever been published. As you turn the pages you will see that we have endeavored to give you a general idea of our scholastic activities, and also, of our extra-curricular activities in the years of 1944 and 1945.

We wish to express our gratitude to those merchants who so generously contributed toward making this annual possible. By patronizing those whose names appear in the advertising section, we may show our appreciation.

The Seniors have worked hard on this edition to make it a success. We hope our efforts have not been in vain. These efforts are to be partially repaid by a planned trip to Niagra Falls at the end of the school year.

SENIOR CLASS HISTORY

In every person's life there comes a time when he or she must go out into the world to take his position in life. After twelve years of training and guidance by our teachers, we, the Senior Class of 1945, have reached this goal.

Each day we will face new problems and we have been taught how to make our decisions wisely.

On September 2, 1941, we entered High School as Freshman, with the hope that our four high school years would be successful. One of the first signs of being Freshman was our initation by the Seniors, a ceremony requiring two days. In the evening of the second day the Seniors gave a party for us to close the Initiation. The whole High School was invited to this party.

Three of the boys went out for basketball, and several others joined in the different school activities.

In September, 1942, we entered the Sophmore Class and now numbered twenty-two. Soon we had our schedule and were determined to do the best we could throughout the year. We had a Class Party which was enjoyed by all of us. Several of us took part in a One Act Play called, "Elmer And The Lovebug", which we presented at Chapel and later gave at a Grange Meeting.

Our Junior year also proved to be very exciting. We sponsored a dance and the High School was invited. We ordered our class rings and were anxious to receive them. The Junior Class Play entitled, "Almost Summer", proved to be a success. Later in the year we sponsored a show, "Eagle Squadron" and a bond raffle. One of the most important events of our Junior year was the Junior-Senior Prom, May 5, in the school auditorium. After much planning we decided to have the gym. decorated like a home. We danced to the music of Tommy Ryan's Orchestra. The Junior girls did the ushering for the Commencement exercises.

At last we have reached our Senior year. Our class now numbers seventeen. Several have quit or withdrawn since we started in as Freshman.

This year the Juniors and Seniors were permitted to go to Columbus to the football game when Ohio State and Iowa played. We also went through the Ohio State Penitentiary and the Capitol Building. Everyone had an exciting time and enjoyed the trip.

In the fall and in the spring we had Paper Drives to help gather the waste paper that was needed so badly by our country.

In February all the Seniors attended a trial at the Court House in Wapakoneta.

Many of the class members were in the Senior Play, "Grandad Steps Out". The play was given April 26, and was very successful.

This year proved to be the most successful year of Basketball, that Buckland has ever known, since we won the County Tournament and advanced to the finals in the District before being eliminated. Four seniors were on the Varsity: Harold Fritz, John Ramsey, Dick Richardson, and Jim Sunderland.

The Senior Class is planning on taking a trip to Niagra Falls May, 22. We go by auto to Detroit and on the D & C Steamer "Greater Detroit" to Buffalo, From there we go by train to the Falls. We anticipate a pleasant trip.

This completes the school history of the class of "45", as we go out into the world, each member must keep in mind our motto, "We have crossed the Bay, the Ocean lies before us."

SENIOR CLASS PROPHECY

Having gone to bed early last night I had enough time to dream of every member of my class about fifteen years from now. Let me tell you about it!

I first went to a famous play in New York. As I approaches the theater I saw the name of Donald Davenport in bright lights. This increased my eagerness to se the play all the more. The curtain finally rose and Donald walked on the stage to play the part of a handsome lover. In the last act he began to sing and a lady in front of me was so thrilled that she fainted and the house doctor was called.

In a few minutes a tall man with a little black bag came forward and much to my surprise I found it to be Dr. Harold Fritz. He explained to me later that after serving two years in the Navy he started studying to be a Doctor and that he was now a very prominent surgeon in New York.

I left New York to journey toward California where I was to meet a friend on business. It was early in the morning and I was speeding, not knowing I was being followed by a patrolman. However I was soon stopped and was given a ticket. I drove on and stopped at Chicago to find a lawyer to straighten out this unpleasant affair. As I was looking in the City Directory I found none other than the name Arthur Gudakunst, "Attorney At Law". I went to his office at once and he offered me his services, which proved very helpful.

I went on and on Sunday morning I was in St. Louis. I entered a little brown church on a corner and I saw Rev. Don Ramga about to begin his sermon. I listened very intently to him and was really surprised to hear such a wonderful sermon. After the sermon he invited me to have dinner with him at a restaurant owned and operated by Virginia Spees. You can believe me that the food was delicious.

After dinner I again started on my journey and at sun-down another car collided with me and I knew nothing until I awoke in the hospital with a blonde haired nurse taking my pulse. When I had completely regained conscience I found the nurse to be Peggy Lindamuth. After a few days of excellent care from my old classmate, who was now a very good nurse, I was released from the hospital.

I then went on a hunt for my automobile and came upon a garage with a large sign that said "George William Harris Jr., Owner". I went in to see if it could really be my old classmate and sure enough it was. He showed me my automobile, which he had made look like new and then we sat down to discuss old pranks pulled at school. By the way Billie is married and has five red-headed boys so we will prob-

ably see several garages with Harris' the owner in years to come.

The time was passing very swiftly and I still had a long way to go so I left St. Louis and went on toward Reno. While driving I turned on the radio and a familiar voice came over the waves. The singer was Josiefene Puschel who had always sung for us when called upon in school.

While I was doing some shopping in Reno I ran across Janet Lybarger. We went to lunch together and she told me that she was in Reno settling an unhappy marriage. As we were standing on a street corner about ready to part a car drove past with a loud speaker attached to it announcing a "Liars Contest." A few minutes later a newsboy came yelling the name of Dick Richardson. We bought a paper at once and read that Dick had made a lot of money playing professional baseball and was sponsoring a contest to find the biggest "Liar."

I stopped in a small town to get my hair fixed and I found the owner of the Salon to be Georgene Adams. She had established a very prosperous business.

A few days later I was in California and I stopped in San Francisco at the finest hotel I had seen in my whole trip. To my surprise I found Mary Mueller the owner and doing very nicely at that for you see she made a practice of furnishing rooms for movie stars. She introduced me to all her friends and entertained me as if I were a Queen.

While I was in San Francisco I received a letter from Carol Place inviting me to come and see her while I was in California. She lived on a large fruit farm not far from San Francisco. I immediately went to see her and on the day I arrived it was her daughter's birthday. Carol was married and had three children. She asked me to go to school with her to take a birthday cake and to meet the teacher. Norma Gene Mack was the teacher and a strict one at that.

I walked into the hall of the school building and bumped into John Ramsey. I was certainly surprised to find the "Big Noise" of our class in a school building but he soon explained that he was the coach and that his team had won the State Basketball Championship.

I, Donna Lou Bruner, then went back to New York to continue my job as private secretary to General James Sunderland of the U.S. Army.

After having seen all my classmates I was suddenly awakened from that dream by the loud ringing of the telephone.

TRYING TO LICK THE TEACHER

I wuz a boy of thirteen, ungainly, dull and tall,
Ez green ez any gozlin', but I thought I knew it all.
I went to school at Buckland. I chopped up wood an' chored
For Zephaniah Wilkinson to pay him fur my board.

One day Philetus Phinney, another boy in school,
About ez rough an' raw ez I--about ez big a fool--
Just hinted in a private way. 'Twould be a right smart featur'
An' give us lots o' glory, if we'd up and lick the teacher.
He wouldn't ask no better fun than just to make him climb.
We'd have a long vacation an' a whopper o' a time.
The teacher he wuz sickly--he wuz not ez big ez I--
I knew that we could bounce him if we didn't half but try.
Fur eny one on lookin' at him would a said on sight
Ther' wusn't eny sand in him an' not a speck o' fight.
His hands they wusn't accustomed much to hangin' on to ploughs,
To hoein' corn, to cradlin' wheat, or milkin' twenty cows.
Philetus said he'd use him fur a mop to mop the floor,
An' when he begged and hollored that we'd hist him out the door.

We told the boys at recess o' the plot that we hed planned;
They said 'f we couldn't down him they'd lend a helpin' hand.
But big Philetus Phinney, he wuz tickled ez could be
To think we tho't a snip like that could lick a chap like he;
'F I'd knock the bucket over he'd make the teacher dance--
He'd flop him in the water, and he'd mop it with his pants.
We heard the school bell ringin', and we scrambled in pell-mell;
I run again' the water pail, on puppus, and I fell;
I struck upon a stick o' wood, and I badly raked my shin,
The water swoshed upon me, an' it wet me to the skin.

That scrawny little teacher, why! he bounded from his cha'r,
He took me by the trowsers, and he held me in the air,
Then round an' round an' round an' round he whirled me like a top,
An' when I seed a thousand stars he sudden let me drop;
He took me an' he shook me till I tho't that I should die.
He swished me with his ruler till my pants were nearly dry.
While big Philetus Phinney he wuz just too scar'd to laugh.
He let the teacher thrash me till I bellowed like a calf.
An' all the other fightin' boys, with white and frightened looks
Sot shakin' in the'r very boots an' ras'lin' with their books;
An' oh, how hard they studied--not a fellow spoke or stirred!--
They didn't dar' to whisper or to say a single word.

Whar' is that little teacher that giv' me a scar?
He still is peaked lookin'--he's settin' over thar'--
An' tho' he's nearly seventy, and sickly yit, I vow
I'd hate to hev him get those hands o' his'n on me now;
He taught me one great lesson by that floggin' in his school;--
That a braggart an' a bully ar' a coward an' a fool.

2nd GRADE

On September 5th, nineteen second graders came eagerly back to school after a pleasant summer vacation ready for another year's work. Although the second grade started with an enrollment of nineteen, two pupils, Harland Volheim and Truman Bell, entered, thus boosting the number to twenty one, but both of these boys were with us only a short time, because they moved to another district.

A Halloween party, a Christmas party, held after the holiday season because of no school due to the drifted and icey roads, a Valentine party, and a picnic the last week of school in May were enjoyed by the grades.

1st Row: Sharon Wagner, Louis Brincefield, Hannah Holtzapple, Barbara Tester, Beverly Youngquist, Robert Ramga
2nd Row: Mary Lou Stoner, Roger Shoffstall, Billy Sidey, Leonard Sanford, Donald Brookhart, William Horn, Frederidka Sidey.
3rd Row: Miss Culver, Jacqueline Truesdale, Franklin Place, Don Hager, Alice Daniels, Rita Eqing, Charlene Lishness

1st GRADE

Last fall when school opened, sixteen boys and girls came skipping shyly up the stairs and into their room quite unaware of the new and entirely different world they were entering. But it didn't take them very long to become accustomed to their daily routine.

During the year, Donald Davis entered, but was with us only a short time, while Darrel Miller, Carol Sue Sprague, and Joyce Cramer entered, making a total of nineteen pupils when the school year of 1944-45 ended.

During the year we enjoyed Halloween, Christmas, and Valentine parties, even if the drifted and icey roads did prevent us from having our Christmas party until after the holiday season instead of before. During the last week of school we all enjoyed a picnic.

SECTIONAL RUNNER-UP

BUCKLAND BUCKS
TOURNAMENT CHAMPS

The basketball season started for Buckland on Oct. 10, 1944, when they held their first practice session. They showed class in this first session and continued to improve, so that by the time of their first game they were able to defeat their opponents (Neptune) easily. This was an indication that they were capable of putting up a good fight against anyone and would be hard to beat.

This judgment of the team was verified during the remainder of the season, in which they won sixteen out of eighteen games. Their two defeats were by narrow margins: New Knoxville, 24-23, and Lima St. Johns, 49-47. In the meantime they were winning 16 games, only four of which were by a close score.

Then came the County Tournament, in which the Bucks got off to a good start by defeating Minster and Cridersville only to be defeated by New Knoxville in the third game. Since it was a double elimination event this did not put them out of the Tournament. The next night they defeated New Bremen and then Knoxville two nights straight. Thus they played four grueling games on four consecutive nights, winning the last three of them to take the County Championship.

The District Tournament was held at Celina. Buckland drew a bye and then defeated Elida and Middlepoint to reach the finals. In the finals they were defeated by Willshire, thus achieving the Runner-up position and Trophy.

The 1944-45 Edition of the Bucks did what no other team from Buckland has ever done, that is win two trophies in the same year. They won the County Tournament for the first time since 1929, and went farther in the District Tournament than any Buckland team has ever gone before.

This spring a banquet was given in honor of the basketball boys. Different selections of music were enjoyed. Basketball letters with "champs" and "45" inscribed were awarded to seven varsity players and the manager, and plain letters were awarded to the other members of the teams, the manager, and the seven cheerleaders. The varsity's first seven players were also awarded gold basketballs with "Champions", "1945", and "B" inscribed, and the remaining three players of the Varsity were awarded similar basketballs made of sterling silver.

RESERVES

The reserves of 44'-45' were a hard team to beat and proved it from the first that they were a hard team to beat having won 10 and losing 7. They were fast and steady never letting down till the final whistle blew. They showed great teamwork and sportsmanships always. Some of these boys will be next years varsity providing plenty of competition for the berths of the first ten.

JUNIOR HIGH

The Junior High of this year was a fine group of boys. If books can tell, we are in for some mighty good teams in the future. The boys worked hard although they didn't play very much. At the first of the year fundamentals of the game were taught and the boys were slowly graduated to team play.

Some of the boys showed remarkable advancement and we are looking forward to seeing them play next year. Through the year we played New Knoxville, Perry Twp, and Cridersville. Through the season they won one and lost four .

They were coached by two varsity players, Dick "Bartell" Richardson and Harold Fritz.

HOME EC.

When school started last fall, we had thirteen in the class. In December Janice Sprague joined the first year class. That made seven second year students. In March, Carol Hughes left us and we had the original number again.

On March 26, our teacher, Mrs. Cook, left and Mrs. Bruner took her place.

During the year we have done labratory work, had one dinner, sewed Red Cross slippers for wounded soldiers and made clothes for ourselves.

Mr. Paul Hartup diredted the Future Farmers this year. Most of the Freshmen boys enrolled in Agriculture, making a large chapter.

The officers of our chapter attended a meeting at Convoy which was attended by officers of other chapters near and far. The purpose of the meeting was to refresh officers of their duties. The F.F.A. advisors directed the meeting.

The officers for 1944-45 were as follows:

BAND

This year the band has been under the leadership of Mr. F. E. Parks, whom we have appreciated very much. We wish to thank him for working with us and helping us in obtaining a better band.

Since many of our experienced players graduated last year, we have many new members. We are hoping that more join the band next year.

During the summer we anticipated in the Auglaize County Fair Program. Throughout the basketball season we played for home games and a few away from home. The band has had regular practices each week.

We would like for anyone in the community with musical ability to join our band during the summer months.

MIXED CHORUS

The Mixed Chorus of Buckland High has really had a good time this year, for we all enjoy singing. Our teacher, Mrs. Wenske, has worked hard to get us to sing musically. We have found that there is a lot more to singing than being on the right tune. Your posture, breathing and pronounciations are also very important. Taking all of theses things into consideration, we have been doing fairly well (we think) with three part music.

On Good Friday we sand "The Lord's Prayer" at the afternoon service at the Christian Church.

On May 12, we presented a half hour program on station WLOK, Lima. It included such songs as: "The Green Cathedral", "The Desert Song", "The Lord's Prayer", "River Dreams", "Spring Rain", and "America".

We all feel that Mrs. Wenske has done a lot for us. I'm sure that the things we've learned will not be forgotten soon but will stay with us and help us in future years.

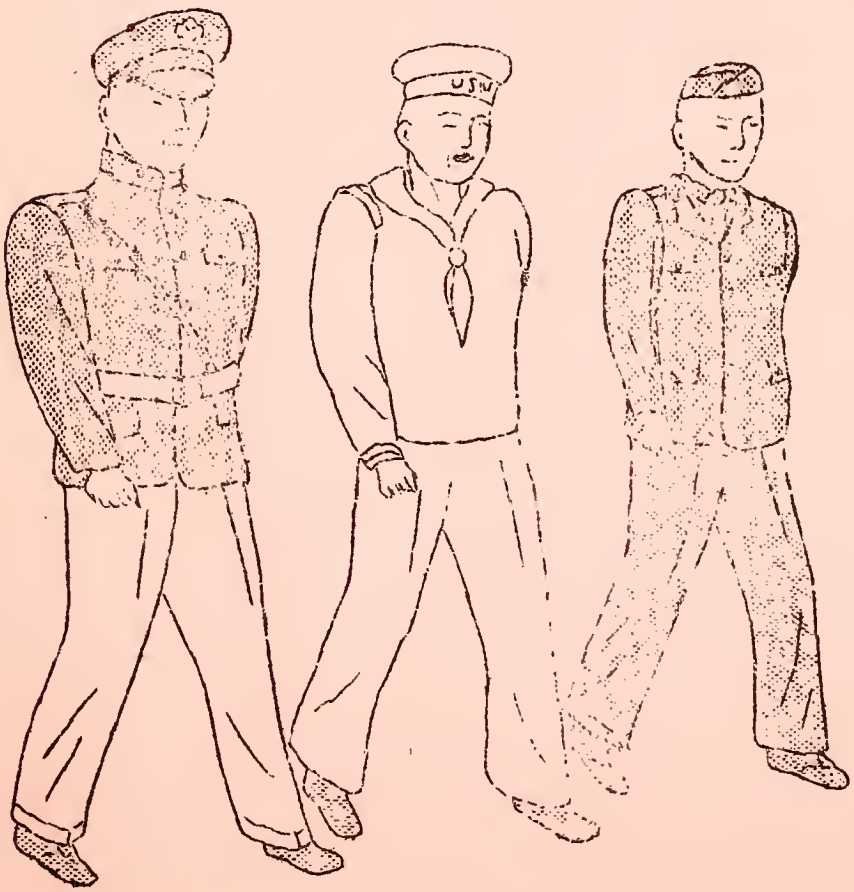
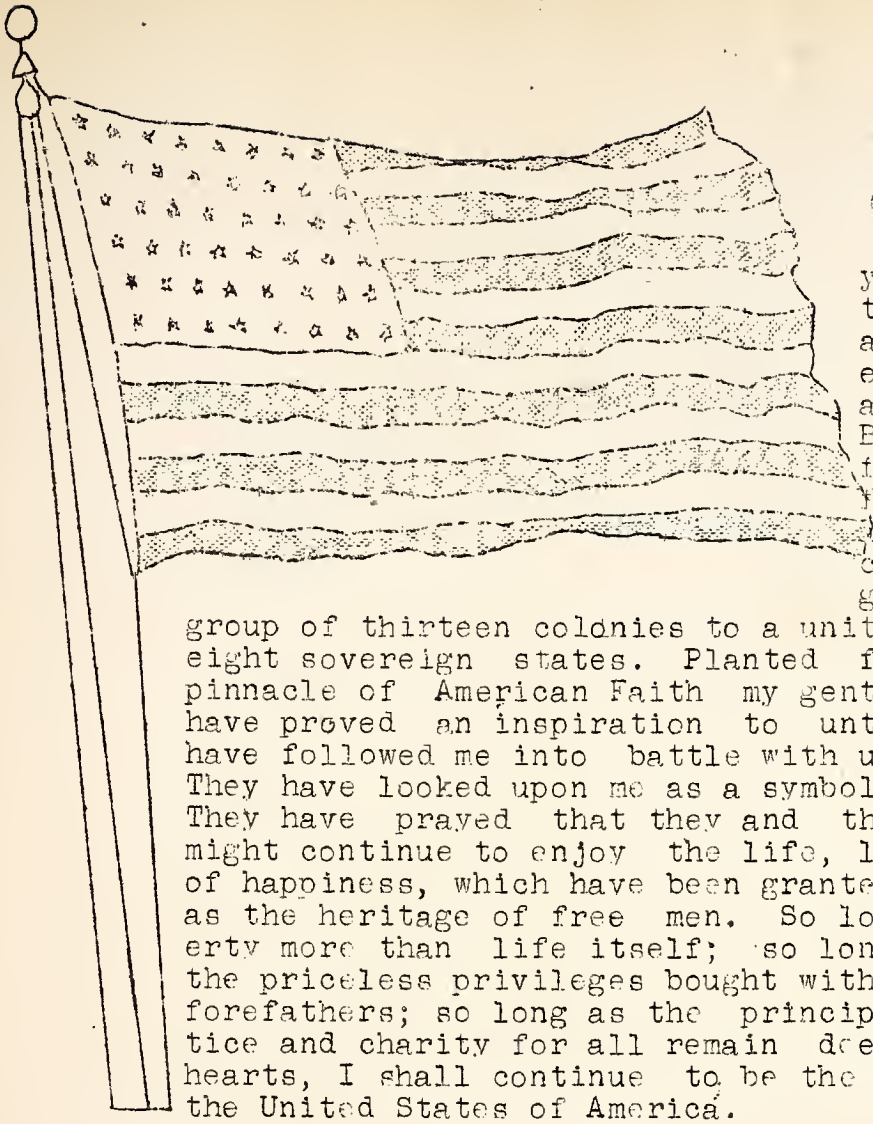
The Armed Forces





I AM OLD GLORY: For more than eight score years I have been the banner of hope and freedom for generation after generation of Americans. Born amid the first flames of America's fight for freedom, I am the symbol of a country that has grown from a little group of thirteen colonies to a united nation of forty-eight sovereign states. Planted firmly on the high pinnacle of American Faith my gently fluttering folds have proved an inspiration to untold millions. Men have followed me into battle with unwavering courage. They have looked upon me as a symbol of national unity. They have prayed that they and their fellow citizens might continue to enjoy the life, liberty and pursuit of happiness, which have been granted to every American as the heritage of free men. So long as men love liberty more than life itself; so long as they treasure the priceless privileges bought with the blood of their forefathers; so long as the principles of truth, justice and charity for all remain deeply rooted in human hearts, I shall continue to be the enduring banner of the United States of America.

THE NAVIGATOR IS YOUNG

Dear God, tonight we learned the truth.
You have a boy up there who's new in Heaven;
He's wearing Navigator's Wings which shine like new
So lately were they given.

Be kind to him, Our Father, when he calls;
Forgive the rakish angle of his cap
For he is young, so very young You'll see.
He comes to You with man's estate untapped

His name is Don. Please write it deep and clear
Upon the Great White Ledger that You keep;
Watch over him; we trust him to Your care.
Then, with compassion, look on us who weep.

BEFORE

There are meters of accent, there are meters of tone,
But the best of all meters is to meter alone.

AFTER

There are letters of accent, there are letters of tone,
But the best of all letters is to letter alone.

Miss Jones: (In Biology) Junior, what is a mushroom?
Junior Haas: That's slang for parlor.

A married man is one who invariably used two hands to steer the car.

Stranger: Are you the bridegroon?
John Ramsey: No, sir, I was eliminated in the semi-finals.

It isn't that some brides learn to cook faster than others--it's that some husbands learn to eat the stuff sooner!

Carl Lawrence: I didn't say she was Dutch I said she was a wooden shoe girl.
Lester Moser: Wooden shoe? How's that?
Carl: Wooden shoe buy me this? Wooden shoe buy me that? You know.

Perhaps the reason marriages lasted longer in the olden days was because the brides looked the same after washing her face.

Take one young lady, one young gentlemen, one quarrel---nuf sed.

Don Ramga: There were eight people under one small umbrella, yet none got wet. How do you suppose they managed?
Arthur Gudakunst: It wasn't raining.

If Adam came back to earth, the only thing he would recognize would be the jokes.

Young women should set good examples--for young men will follow them.

Old maids figure on their fingers: Young maids figure on their figures.

"What does a better half mean?" asks a reader. "Usually just what she says," answered Mr. Tennant.

An Army nurse, having returned from active duties in the Pacific, was talking about the many air raids that occured on the island on which she was stationed.

"The only thing to do ," she said ," Was to jump in a Wolf-hole and—"

"Pardon me," an old man said," But I thought they were called 'Fox-Holes' ".

The reply was "Well a fox might have dug it, but there were wolves in it when an air raid came".
